Sprint 1:
● As a web user, I want to be welcomed, explained what this website does and who it is for.
● As a Chinese learner/web user, I want to be able to study the Chinese character.
● As a Chinese learner, I want to get chinese characters pronunciation.
● As a Chinese learner, I want to be able to select different character sets/difficulties.
● As a Chinese learner, I want to have a profile that expands to more features.

Sprint 2:
● As a user, I want to be able to quiz myself about what I have learned.
● As a user who took quiz, I want to be able to review and quiz again based on the characters I got wrong.
● As a user, I want to stay logged in whenever I revisit the site.

Sprint 3:
● As a user, I want to have a "forgot my password feature"
● As a user, I want to have a smooth transition between pages and sections.
● As a user, I want to have an iOS app that access the same database
● As a user, I want to have an iOS app that log in

Sprint 4:
● As a user, I want to have an iOS app for studying with the same character set.
● As a user, I want to have an iOS app for quizzing.
● As a user, I want to have an iOS app for accessing wrong list and quizzing on it.

Backlog:
1. Friends system and achievement show up.
2. Placement test while new user login.
3. Analytic/statistic data, meaning line graph
4. Achievement system
